

# Precision Redefined.

**Portland Pine Products** boasts a rich legacy spanning nearly five decades of being the trusted choice for exceptional roundwood. Our newly enhanced range of Precision products are a symbolism of our enduring commitment to quality craftsmanship, sustainable practices, and continuous innovation.

At **PPP**, we never stop striving for excellence, ensuring that our products are manufactured and designed to suit a variety of applications and provide solutions to all sectors of the agricultural, horticultural, and outdoor treated timber, and fencing sectors, across Australia.

*Sleek square packs* making them easier to handle and improving efficiency for transport and storage.

*Versatile applications* with endless possibilities, including Broad acre farm and Equine fences, High-end landscaping, Post and rail borders, and Internal decorative fences.

*Wide range of sizes and lengths* to find the perfect fit for your project.

*Various treatment options* available - Untreated, Treated H4, and Treated H5.

*Additional profiles* to perfect rounds, we also offer:

Slabs

Wings

Slab  
Wing Splits
